

An illustration showing a koala on the back of a larger koala, a koala on a tree, and a road with a dashed line path. A speech bubble contains the text: "We're on the move. Please drive with care."

"We're on the move.
Please drive
with care."

Koalas on the Move. Be aware!

The number of koalas being injured or killed on Noosa roads is increasing each year. Most strikes occur during breeding season when koalas are on the move. Juveniles are dispersing from their mothers to find their own range while others are looking for a mate.

**BETWEEN JULY AND DECEMBER KOALAS ARE ON THE MOVE.
BE AWARE. DRIVE WITH CARE.**

If you see a sick or injured koala, call it in! Phone 5527 2444.
