  - d) Climate – support mitigation and adaptation to climate change and other aspects of global environmental change.
  - e) Neither, sorry you are not eligible to enter.

## Noosa Biosphere Awards 2024 Entry Form Questions

### Entry responses

*(entry responses for judging)*

1. Tell us about your program/activity and the problem it seeks to solve. (max 200 words)
  
2. Explain how your program/activity contributes positively to the Noosa Biosphere Reserve community and/or environment. (max 300 words)  
Include how your program/activity addresses the UNESCO Man and the Biosphere Programme objectives:
  - a) Conservation – of biodiversity, species and ecosystem services.
  - b) Sustainable development – contributing to building a sustainable, healthy and equitable society, and thriving economy, in harmony with the biosphere reserve.
  - c) Learning – through biodiversity and sustainability science and research, education for sustainable development (ESD), and/or sharing knowledge across networks.
  - d) Climate – support mitigation and adaptation to climate change and other aspects of global environmental change.
  
3. Is there anything else you'd like to add in support of your entry?
  
4. (optional) Submit a short video about your initiative to support your entry (max 1 minute). You will not be judged on the production quality. We are interested in hearing from you and/or seeing the work you do. (Note: if your entry is a finalist or winner, this may be used in promotion of the awards or at the ceremony event)  
*Add the url to where your video is hosted.*
